‘Scario’ is a must-see for fans of action films

Brutally bloody sequel adds to Taylor Sheridan’s dark résumé.

**MOVIE REVIEW**

**COLIN COYERT**

There’s hard-boiled and then there’s “Scario: Day of the Soldado,” a very taut, very violent and very disturbing film where nobody lives happily ever after if they survive at all. This nightmarish blockbuster, eerily will soon be one of this year’s most memorable films. Designed to leave you dazed and disturbed, it’s all about brutality and unfeeling violence. “Scario: Day of the Soldado” has deeper than blood-and-guts thrillers, presenting a shocking story of an entire nation’s descent into chaos and destruction. Like a “Mob City” narrative, “Scario: Day of the Soldado” examines what happens after the white whale is caught and the cost of Arabi’s rampant greed is revealed. It’s the latest entry in Taylor Sheridan’s dark catalog of revulsion towards westerns. The screenwriter and director has created an masterpiece.

**The big birds**

The Eagles and Jimmy Buffett, who team up Saturday at Target Field, may sound like classic-rock heroes to some baby boomers, but the tandem could also sound like a megamix on Wall Street.

Since releasing its 1980 album, “Their Greatest Hits (1971-1975),” the Eagles have been one of the most successful bands of all time, selling over 200 million albums worldwide. Their blockbusters “Their Greatest Hits (1971-1975)” and “The Long Run” have been certified 15x platinum. The band’s hit single “Hotel California” has sold over 10 million copies worldwide, making it the best-selling single of all time.

The Eagles and Jimmy Buffett, known for their unique vocal styles, bring together two iconic musicians known for their chart-topping hits. The Eagles’ distinctive harmonies and Buffett’s laid-back island-inspired tunes create a sound that is sure to please fans of classic rock and country music alike.

All-star local cast rocks to ‘Dr. Who’

Synth-rock vet Christian Erickson’s obsession with the BBC sci-fi series led to a surprisingly cool charity album.

By **CHRIS RENEMANN**

As a kid, Christian Erickson grew up with the “Doctor Who” series, which he loved for its ability to transport him to another world. Over the years, he has continued to follow the adventures of the Doctor and his companions, often drawing inspiration from the show’s unique blend of science fiction and psychological drama.

Erickson’s passion for the series led him to start writing his own music, drawing on the themes and motifs that he loved about the show. Over time, he began to develop a unique sound that he felt was inspired by the “Doctor Who” series.

In recent years, Erickson has started releasing his music on a regular basis, often drawing on the themes and motifs of the “Doctor Who” series for inspiration. Over time, he has developed a loyal fan base, and his music has started to gain a wider audience.

Erickson’s latest album, “The Doctor Who Show,” is a collection of songs inspired by the “Doctor Who” series. The album features a variety of genres and sounds, from electronic music to pop rock, and is sure to appeal to fans of the show and music alike.
